Frequently Asked Questions

Camp Mosaic 2024

1. What is Camp Mosaic?

Camp Mosaic is a non-residential camp program for primary school youth. Mosaic is about lifelong relationships, built piece by piece, through meaningful conversations and interactions — a place where participants create bonds with others and find themselves. What is perhaps most remarkable is that the camp is run mostly by youth. At a time in their lives when young people are used to hearing that they aren't old enough, mature enough, experienced enough, or empathetic enough to be leaders, Camp Mosaic tells them that they are. Camp Mosaic empowers youth and, through encouragement, accountability, and a guiding hand develops current and future leaders of the Jamat.
