

Waitlist Participants FAQs

Thank you for your interest in **Camp Horizon 2026** and for taking the time to complete the registration form. We know being placed on a waitlist can be disappointing, and we sincerely appreciate your understanding and support. We hope to have the opportunity to welcome your child to a future camp.

To help you better understand the situation, we have put together this Frequently Asked Questions (FAQ) document.

1. What does it mean to be on the waitlist?

This means the camp has reached its maximum capacity of 65 participants. The successful registrants have been contacted to confirm their attendance at camp. Members of the waitlist will be contacted if spots are made available.

2. How have you decided who was offered a spot at Camp Horizon?

To ensure fair participation across all centres, each centre has a limited number of allocated spots. Allocated spots are based on several factors including the number of eligible youth in the region. Registrations are processed on a first-come, first-serve basis within each centre's allocation.

3. What happens if my centre's spots are filled?

Once a centre's allocation has reached capacity, additional registrations will be placed on a waitlist.

4. How does the waitlist work?

Waitlist spots are offered in order of registration, first-come, first-serve basis. Availability depends on cancellations.

5. Does being on the waitlist guarantee a spot?

Being on the waitlist does not guarantee a spot, but your child may be offered a place if availability opens up closer to camp.

6. Are there any exceptions to the waitlist?

Unfortunately, there are no exceptions to the waitlist. We are unable to make special accommodations or grant exceptions under any circumstances.

7. Will I be contacted once all spots are filled?

Once all spots have been officially confirmed, all members of the waitlist will be notified.

8. Why is the camp capacity fixed at 65 participants?

For safety, supervision, and program quality reasons, we are unable to exceed the maximum capacity. Limiting numbers allows our team to deliver activities, mentorship, and reflection in a way that is intentional rather than rushed.

We want every participant to have time and space to build meaningful connections with peers, engage deeply in activities, and interact in a purposeful and positive way.

Camp Horizon focuses on the physical, emotional, social, and spiritual development of each participant. Smaller group sizes allow facilitators to provide more individual guidance and create richer learning experiences.

Our priority is that every participant feels supported, included, and enriched—and this is best achieved when numbers remain manageable.

9. What is AKYSB doing to address this demand for future iterations of Camp Horizon?

We are aware of the strong interest in this age group and are actively considering how we can respond in a responsible and sustainable way, while ensuring the program remains high quality.

One strategy implemented in 2025 was the division of the Year 7–12 cohort into two camps, Horizon and Horizon Plus, to better cater for increasing demand. We have also moved to offering camps more frequently for this age group.

While we are unable to offer an immediate solution, please be assured that this level of interest is being carefully considered. We will continue to explore ways to address demand as we plan future camps.

10. Who should we contact with further questions or updates?

Please contact the Camp Horizon team via email at camphorizon@anzni.org for any queries or updates.
